Fees and commissions paid to AFFINIA >

Fees and Charges

Fees may be charged for the services I provide however, we are predominantly a Fee for Service organisation. There are set fees for each service that I provide to you, and these fees will be agreed upon and confirmed to you prior to any service being provided. Current fees and charges (GST inclusive) are:

- Advice Preparation Fee: Fees for the preparation of your advice may range from \$770 to \$15,400.
- Advice Implementation Fee: Fees for the implementation of your advice may be a set fee between \$2,310 and \$30,800. Alternatively, we may be remunerated on a commission basis or a combination of both.
- Annual Service Fees: Service fees may be charged as an annual fixed fee between \$10,780 and \$42,350 and are based upon time (at \$770/hr), complexity and the number of structures/entities involved payable as one lump sum or instalments.

Initial Commissions / fees paid to AFFINIA.

Affinia may receive initial commission from the product providers if you decide to purchase a product I recommend. The amount of initial commission is calculated as a percentage of the premium paid by you. The commission is paid by the Insurer when you purchase the insurance.

Initial commissions (where permitted by law) are calculated as follows:

- Life Insurance risk products: between 0% - 66% (GST inclusive) of the premium that you pay.

Ongoing commissions / fees paid to AFFINIA

Ongoing commissions may be paid regularly for the length of time that you hold the product. They are usually paid to Affinia by the product provider out of the revenue the product provider earns.

Ongoing commissions (where permitted by law) are calculated as follows:

- Life Insurance risk products: between 0% and 22% (GST inclusive) of the renewal premium. For level commission arrangements this will be up to 30% (GST inclusive) of the renewal premium.

For example, if an insurance product is recommended and you pay a premium of \$500, then the total "upfront" commission paid by the product issuer to Affinia will be between \$0 and \$330. Thereafter, the "ongoing" commission paid to Affinia will be between \$0 and \$110 (assuming upfront commission arrangements and there is no change to the premium you pay in subsequent years).

The exact amounts of fees and charges and initial and ongoing commissions for the products you have purchased as a result of my recommendation to you will be detailed in your Statement of Advice.

How my associates and I are remunerated >

When Affinia receives either a fee, initial or ongoing commission as a result of a recommendation I have made to you, Franc Mark Sterling Pty Ltd is paid 100% of the commission and fees paid to Affinia.

I am a director of Franc Mark Sterling Pty Ltd. Franc Mark Sterling Pty Ltd pays me a salary and dividends from the income it receives.

Other benefits I may receive >

As an authorised representative of Affinia I may receive other benefits, including information technology software and support, professional development programs and conferences. I may also be entitled to other incentives including entertainment benefits, valued at under \$300.
